Chalmers' Presbyterian church,
High River—Regular preaching ser-
vices will be held every Sabbath day
at 2:30 p.m. and 7:30 p.m. Sabbath
School at 11 a.m. Rev. C. D. Camp-
bell, pastor.

High River Methodist church, High

bath: Sunday school, 2:30 p.m.;
preaching, 7 p.m. Choir practice
Fridays, at 8 p.m.

An important piece of improvement
work is about to be commenced on
this southern branch. The road is to
be strongly ballasted with gravel
taken from the pit six miles north of
High River, and the gravel is to be
lifted out of the overlying mass of
limestone which it has hitherto been
lying. A stream channel will be used
to load the gravel trains and a large
gang of men put to work. The work
between here and Calgary will be
practically all ballasted, but further
south it may be necessary to dig
up the muddy spots and load
them. Mr. Fallow, the railroad agent,
will put in a spur at the pit which will
be a valuable piece of work.

Mr. Fallow, the railroad agent,
will put in a spur at the pit which will

The public will be astonished and
delighted to learn that twelve new
powerful engines are coming from
the east to make their headquarters
at Calgary. This is not an eye
 opener joke. It is perfectly true and
all we are anxious about is that they
won't interfere with the activities of
old 32, without which we cannot live.

Old 32, which from its number must
have been in its prime days, is a machine
of high degree, is one of the old stand-
bys, a landmark, a fingerpost point-
ing to the flight of years. The C. P.
it laid its big mitt on the country.

The High River Trading Co.,
through Joseph Lamogon, has pur-
chased the four year old, black and
white stallion, Duetta Crown, a
prize winner at the recent stock show
in Calgary.

Don't forget and bring in your
horses from June 13th to sell for re-
spondents to the North West Mounted
Police. Saddle horses to be from
15 to 15-2 hands, and team horses
from 12-2 to 16, and from four to
seven years old.

Mrs. Reynolds and Mrs. George
W. Chapman, of Calgary, were down
last week on a visit to Mrs. George
E. Ash.

The Mounted Police Barracks have
been beautified with a new coat of
paint, the artist being Philip
Winward, R. A.

George Ross and Charles Hutchin-
son ("Niche"), returned home
Wednesday from Montreal where they
had taken a consignment of polo
ponies. Four of the latter (shown
in pairs) took prize for the best
trained polo ponies at the Montreal
horse show. This was a very fine
quite an advertisement in the end for
High River horse flesh and is all the
more striking in view of the fact
that the ponies showed against teams
from New York, Kentucky, Montreal
and other polo centres.

Rev. Wilbur Price left Thursday
for the Methodist conference in Win-
nipeg. Mr. Price stops over on the
way to preach at Medicine Hat on
Sunday. On Sunday, the 16th, Rev.
Mr. Monkman, of Clearholm, will
occupy the pulpit of the Methodist
church.

Slackers and rain coats are the re-
new. Brown and Stanley gave a
complete range for ladies and
gent.

The High River hotels have thrown
into a state of consternation last
Tuesday by the unexpected appearance
of a license inspector. Now that
there was something wrong police on
the way, the inspector came to find
out everything, including the right
and if such and such change for the
better were not made next day their
license would be revoked. Panic
prevailed at both hotels until it grew
all day dawned on the proprietors
that they were the victims of a villainous
practical joke. Mr. Harwood, of
Winnipeg. He certainly had em-
broidered for a while, though the
occupants, who helped to perpetrate

this dastardly joke on the hotels was
J. L. Johnson, of El Ciro large.

Mary McMahon, of Ditty, will give
readings from her works at the High
River opera house on the evening of
June 13th, and at the end of the evening
theatricals. Tickets may be obtained
at the bar.

W. Stokes, assistant depot agent
at High River for the past two or
three months, has been transferred to
Strathcona. Mr. Stokes, of Calgary,
has taken his place.

Painters have been getting in their
work on the depot and the C. P.
R. The most cautious of all their
works, has done itself quite proud at
High River. Mrs. Robertson's dining
hall is exceedingly well appointed
and the tables are set in most ap-
propriate style for the reception of the
daily lot of guests. The travelling
public always speak highly of the
fare they get here.

What may truthfully be described as
the "smallest café in the world" may
be seen at the Royal Hotel. It en-
joys excellent health, being in good
appliance all the time.

Percy Taylor, the over-seer, has
been busy collecting the dog tax of
the town. If every dog in town has
its tax paid there should be no dif-
ficulty in building the new \$4,000
school house without loading the town.

The work visited the home of Mr.
and Mrs. Will Weiland on Monday
June 1, and left a charming little
chateau as an addition to the
family circle.

Don't forget the annual Strawberry
Festival (Protestant) supplies which
comes off on Thursday, June 15.

The trustees of High River pulled
their votes last Tuesday on the ques-
tion of issuing debentures for the
building of a new school house on the
new site on the bluff southeast of the
Methodist church. The majority
favoured carrying out the proposition.

The proposed new school house will
be a four room building, two stories
high, and will cost about \$4,000,
raised on the security of the town.

A. P. Patrick, the Calgary surveyor,
has been here, with assistants and
surveyed Todd's addition east of the
track.

J. T. Cooper, surveyor and a prom-
inent Nantonian, was in High River
Tuesday giving survey of the streets
for grading so as to drain off the
surface water. As soon as sufficient
ground is sight, they will be con-
siderable new side-walks done on
the streets. The more travelled
portions of the streets will be gravelled
after they are graded. These im-
provements will be carried on under
the capable supervision of our over-
seer, Mr. Cooper. The High River
will soon be a thing of beauty and a
joy forever.

Miss Lella Gould has accepted the
position of assistant in the High River
Y.M.C.A.

We have received numerous in-
quiries regarding the great Indian
race riot, which is held here on
Dominion Day, July 1. A splendid
day's fun is guaranteed. Some of
the Indians are even now starting to
get their ponies into shape, and it is
expected that a great number of
saw a squaw running like a lather's
ghost with a white man grunted
for dear life a few yards ahead. Cal-
gary and Nanton sports have notified
the committee of being present.

Mr. and Mrs. James Johnson have
rented, and are already occupying, one
of the finest properties in the town
east of the track by Mrs. George
Ross.

The big High River race meeting
will probably take place about the
same time as last year, in September.
Just before the fall round-up. No
error will be spared to make it a
success.

One of the counters in Boyce's
Bakery and Confectionery has been
replaced to give more space for the
ice cream parlor which is to be one
of the features of the great features
of the place this summer. Before
down by the river this should be a
good reason to the public and a bet-
ter off to a plate of lemon. When
you ask? When you've got the price.
There is a great variety of fruit,
oranges, apples, cherries, etc.

Last between the Methodist Par-
sonage and the Methodist Church is
a fountain pen. Plumber please return
to Rev. Wilbur Price.

We hear that the entertainment
given last week at Nanton in honor
of the Methodist people was a
prominent success, everything going
smoothly and to the entire satisfac-
tion of a large audience.

Speaker of what a newspaper does
for a community, that Rev. Senator
David Taylor, of Illinois, made an
address that remains ever green in
the memories of our countrymen. He
said: "Every year some local paper
prints a notice in its columns con-
cerning the death of some person for
the benefit of the community in which
it is located. No other agency ex-
ists or will exist to help the poor
proportion to his means does more for
his low than any other man, and in
all future, man with man he ought
to be supported, not because you
happen to like him or admire him,
but because a local paper is the
best investment a community can
make. It may not be crowded with
great thought, but financially, it is of
great benefit, both to the reader and
teacher. They editors do more for
their city than any man on earth.
Protect your home interest, put all
charity for all as an investment."

We are glad to see our old friend
Alfred Evans again, established as
new agent on the C. P. and E. R.
lines. The Standard branch office
among his other literature will
handle the Eye Glasses on the
track.

Last fall, an American gentleman
of the state of Illinois, who was
warned the people that in the winter
they would have to come in on an
empty stomach and that the winter
something be done at that time.
The American did not and he
has now come here as the impossibility

of these roads. The discontent is
bitter and widespread. Owing to
disagreements as to certain of the
road allowances settlers are stalled
in building the main trunk line
or of taking out loads. They
cannot make it and it is almost im-
possible to get round. It is a natu-
ral fact that every much frequented
road runs through one of more
passable sloughs. We reverted to
this last autumn.

The spring round-up meets on the
15th instant at the mouth of Mosquito
Creek and will start west from the
Creek's bottom eight miles below the
C. C. fence on the big boys. They
will work down as far as Leithridge,
then back towards Macdonald and up
High River and Sherr Creek. From
Leithridge up as far as Clearholm
George Winder will be captain; from
there to Mosquito Creek, Charlie An-
derson, C. C. Jordan and from
there on to Sheep Creek, Herb Miller.
foreman of the Bar U. If good
weather prevails they should hit
Mosquito Creek about the time of our
Dominion Day Indian race meeting.

We hope anyhow that the boys will
be close enough to ride over and
attend.

Wendell Elchegoren returned
Thursday from Sherbrooke, Quebec,
where he has been all winter, in time
to join the round up.
